From the first roping put on in Daniels memory in 2010 our goal was to celebrate Daniel's life in the way he would have wanted, with a horse and a rope! We could not have done this without the help and support from our friends and family. We want to thank everyone involved, and everyone who has come out to rope with us. Since this began in 2010 we have given out \$16,500 in scholarship money and hope to keep adding to it!
